The Cuban Society of Endocrinology and your Chapter Provincial de Sancti Spiritus

CONVOKE:

To Researchers, Specialists National and Foreign, Medical Resident and General interested in Endocrinology, for the realization of the:

III Congress Territorial of Endocrinology – EndoCentro 2018 and I Symposium International of the Endocrinology of the Third Age.

Dear Colleague:

This year in the month of September: 25-28 / 2018, we will be developing the III Congress Territorial of Endocrinology – EndoCentro 2018 and the I Symposium International of the Endocrinology of the Third Age.

In this scientific event will be in addition, celebrating the 40th Anniversary of the specialty in the province of Sancti Spiritus.

The participation of scientific personalities from other countries, as well as the central provinces and the National Institute of Endocrinology, will enable an important exchange of experiences and a sunset a day on various aspects of the main endocrine conditions.

Sancti Spíritus and Trinidad are colonial cities with beautiful and attractive tourist sites. The people who visit us are always amazed by the hospitality of the spiritus.

Organizing and Scientific Committee the Cuban Society of Endocrinology and its Provincial Chapter will ensure you, that the scientific program and social activities will fill all expectations to the participants and also a pleasant stay during the days of the event.

Affectionately

Prof. Emilio Bustillo Solano, MD, Ph.D
President of Organizing Committee
